Your brand. A better connection.

Custom review stands and personal support in Stafford, Virginia.

\$299 setup + first month included

One custom premium NFC + QR stand, your custom branding, Google review-link setup, testing and local installation. Approve your artwork before production. Your first month of Reputation Care starts when your stand is delivered and service launches.

Then \$99/month - automatically renews until canceled

The starting plan covers one location: twice-weekly checks of one Google Business Profile, up to 30 review-response drafts per month for your approval, one monthly report with recommendations, NFC/QR troubleshooting and email support within two business days. Higher-volume plans require a separate approved quote.

Clear signup and cancellation

We obtain your agreement to recurring billing and confirm the first charge date before enrollment. A reminder is sent before that charge. Cancel before the first charge date to avoid the monthly fee. Afterward, cancel before renewal using the link in your subscription confirmation or email cenarotech@gmail.com. No cancellation fee. Paid service continues through the paid period; partially used paid months are not prorated. Your fully paid stand stays yours; canceling care does not disable its review link.

Stand-only and additional hardware

Stand-only: \$299 without a subscription. Additional matching stands: \$149 each for the same artwork and location. Accidental-damage or loss replacement: \$129 using existing artwork. Redesign, shipping and applicable taxes are confirmed in your quote. Destination availability and functioning hardware are needed for tap and scan.

Ready to get started?

Book a conversation or email cenarotech@gmail.com. Setup is paid before design begins. Full refund, production-cancellation, replacement and account-access policies are on our Service Details page. This overview does not itself enroll you in a subscription or replace your client agreement.
